LOVE GIRL-GIRL

I am a straight man and have never had any contact with a lesbian. However I get more of a thrill from reading about and looking at girl-on-girl adventures, and watching lesbian videos than I do straight porn. Maybe it is because there is way-too-much emphasis on cocksucking.

PERFECT NIGHT

It's easy to dream and fantasize about a perfect night, but it's not very often that those dreams become reality. But a couple of months ago, I had one of those nights. My girl, Daniela, and I were on vacation and out late, jumping between bars before heading back to the hotel for the last drinks of the night.

I built up a nice buzz from the bar hopping, and I was getting a little impatient for the next part of the night. I was getting a little friendly and suggested we skip the hotel bar, but she insisted on one more. With a longing look toward the elevator, I turned and followed her to the bar, figuring I'd waited this long, what was one more drink. We ordered, and Daniela started talking with the bartender, a tall, tanned beauty with dark hair and deep, enticing eyes named Claire.

I didn't notice her at first, but I eventually realized that Daniela was flirting with the bartender. I pretended I didn't notice, playing it off on the buzz. But we quickly learned that Claire's shift was over soon, and a room upstairs was the best offer she'd had all night.

As we headed up, Daniela left a large tip...and one of our room keys. Surprise and nerves raced through me. Daniela and I talked about the fantasy of a three-way one day, but I mean, it was always just a fantasy. She must have noticed because when we got up to the room, Daniela pressed me back up against the door and kissed me hard. She stared at me with her own beetle-black eyes and told me that this was happening and would be the adventure we'd always dreamed of. I didn't have much time to think about it

because right after I nodded to her, the door beeped and clicked, and we just pulled away in time for Claire to step in quietly.

Daniela led us both into the room, my heart pounding in my throat as she shoved me toward the bed while she wrapped her arms around Claire, pulling her in close to start making out in front of me. My already teased dick was rock hard and aching to be set free. Claire started pulling Daniela's top off, revealing her petite, perky breasts held back by a tight lace bra, while Claire ripped her shirt off, revealing that she wasn't wearing any bra at all (I stared at her wondering how I could've been so drunk I missed that earlier!). Her tan had no lines, with the dark outline of her nipples the only place where she showed any shade change.

I gulped and started to stand up, only for both of them, without looking at me, to reach out and push me back on the bed. For the time being, I was just expected to watch. So, I slid off my pants and started to slowly jack off, my eyes locked on Daniela pulling her own bra off. I choked a little as I watched their breasts press together and even felt a stab of jealousy as their hands started to slide down each other's pants.

As they finished undressing each other, the women moved to me and knelt down, passing my dick back and forth between them as made out. I wasn't allowed to touch or guide them, but they didn't need guidance. And with two beautiful women worshipping my throbbing cock, I really didn't need anything else. I leaned back and enjoyed, discovering the differences between them. Daniela liked the head, and her tongue did masterful tricks around the slit. Claire, on the other hand, liked my balls. And when she wasn't trying to swallow my pulsing orbs, she was juggling them between her light fingertips.

Finally, Daniela pulled me back up, and they both got onto my lap, making out with me while each of them reached across and played with the other's pussy. I'm not sure how they kept track of everything, but they told me what they wanted and laid down next to each other on the bed, spreading their legs. Daniela's eyes told me to take care of our guest first, and as they made out next to each other, I slid my lubed-up cock into Claire's hungry pussy.

Surges of electricity rushed through me. I wasn't going to last long if I lingered, so I only gave her a few thrusts before switching back to Daniela. A few thrusts at a time, going between them. They wanted to share me, and it was the fairest way. It pushed me far longer than I normally last, going back and forth until I felt it building up in me.

Finally, with them making out on top of me, I let loose a long rope deep inside Claire. I pulled out, letting each of the strings of cum line across her chest as I shot four more helpings all over her, which Daniela quickly started licking up with hungry eyes telling me that there was no way we were done.

CLUELESS, REALLY?

As sexual beings, we all want to be pleased (yes, we all want to be loved, but that's a different letter). Over time, I've learned that females give better head to other females than men do. That could be one reason why there seem to be so many gay women out there. If guys were as good as girls at giving women head, it wouldn't matter if a guy had a one inch cock or a ten inch cock. Women have no cock and they can get more women than men.

With that being said, I tried to figure out why women are so much better than men at cunnilingus. I believe the answer is that women know the female body better. They know what they like and they know what feels good.

Men don't have a clue unless they are told. So that is the purpose of this letter. To help you men that seem to fall short in the pussy-licking-her-until she-orgasms department.

You must first understand that diving in roughly and lapping away just will not cut it. Try letting your lips go everywhere else nearby but leave her love button for later. Dance your lips and tongue up and down the inner thighs, her stomach, and let your lips caress her breasts. (but not too roughly there, either) Be creative in your oral foreplay with her.

Then, when you finally do allow your tongue to taste her sweetness, treat it like the petals of a Tasha that you don't want to crush. Start by licking the outer petals ever so gently. And when your tongue does finally enter the inner folds of her pussy lips, lick them as if you were licking a Tasha petal and were afraid to crush it.

Be sure to find and pay attention to her urinary opening and just below that the vaginal opening. You can gently stick your tongue into the vaginal opening, with 'gently' being the operative word here.

When her sex juices start flowing, you'll know it is time to proceed on the road to her oral pleasure. She's wet and moaning for more. Now you can pull back the little hood of her clit and give it the attention it's been craving up to now. You'll see that it's erect and she's excited. Most ladies will

I enjoy having my penis ravished by a beautiful woman, but there is a lot more to foreplay than cocksucking. My most enjoyable part is slowly undressing a woman while fondling, licking and kissing her all over.

When she is nice and hot, I greatly enjoy going down on her, teasing her slit and eventually tantalizing her clitoris. She will usually have a very intense orgasm.

After she has come down, I like to lie next to her, play with her tits and nipples and

like their lover to start out gently licking and sucking on their clits. You can probably get rougher later.

After you've finished with your tongue, it's time to use your fingers. Again, gentle is the key word here when you insert a finger into her vagina. Obviously, start with one, then two and then as many as she is comfortable with. Be sure your hands are clean and nails trimmed. Insert fingers with the nails facing down so that after you have inserted the fingers you can curl them and rub her G-spot.

You'll know things are going well if you're sucking or licking her clit and rubbing her G-spot, she'll give you a reaction if you are doing it right. If you are adept enough and can lick her with your tongue and have a couple fingers inserted in her pussy rubbing her insides, she'll be putty in your hands, and mouth. I believe almost all women can cum in this manner if done patiently and correctly.

Now that you've graduated with tongue and hand in the pussy, let's move on to the other side of pleasure. Her backside.

As before, hygiene is even more important here. First with you. Clean fingers and short, manicured nails are the best way to get started.

You'll need some lube. It's a must for beginners and pros alike. Generously lube your index or (not and, unless you've done this before or she wants two) middle finger into her anus, slowly. Her butt should respond nicely and you can then finger-fuck her asshole until she cums or you both decide to replace your finger with your cock (which by all accounts should be rock hard by now).

Now that both of her holes are receptive to you, try getting a bit more adventurous. Try a couple fingers in her pussy and one in her butt. She'll feel like she's getting double penetrated without the bother of two sweaty guys all over her.

Or add toys to your oral love-making. She probably has a favorite vibrator or dildo you can use on her.

Use it on or in her anus while you use the two fingers to massage the G-spot and your lips and tongue to stimulate the clit. If she likes that, consider giving her a double-headed vibe for a special day and have fun.

There are a myriad of possibilities when it comes to satisfying your woman without your cock. Explore them as you explore her. Communication is essential to creative sex, so get out there and get creative.

• Marvin S., Buffalo, NY

have her get me off by hand, or better yet, by mouth.

And yes, this all happens when we have girl-on-girl sex on the TV. When I'm going down on her, I'll tell her to close her eyes and pretend it's a girl sucking on her clit and licking her pussy. Man, does she get off, big time, and it's every time!

Close Shave

Now I see everything down there without my pussy hair getting in the way.

I'm writing this note to tell you why I was looking at my pussy? It's because you had told me that you would love to see it shaved and how nice that would be for you when you went down on me. Well, I decided to do it for you that morning and show you later.

I was just finishing my shower where I shaved it. It's kinda hard to see down there and with the water running and all. I thought I had shaved good and just wanted to see how it looked. I was still completely naked and just standing there. Now I see everything down there without my pussy hair getting in the way. I liked it. It was as sexy as you said it would be and I knew I would get used to it that way. Now my pussy lips and clit were really obvious along with my long slit. My pussy is up pretty high, with a lot of it in the front, not all hidden between my legs.

With the hair all shaved, I just wasn't sure what I thought about it. I was concerned it might make me look like a little girl. You said that was okay and I thought it was a little weird, but I think I now understand.

If you remember, Janiece and her boyfriend Terrence were staying with us. They were only there a while and I spent time with her doing her hair, nails and we went shopping a few times. He mostly hung around

the house eating our food and watching basketball on the tube. We had gotten to be pretty good friends and Terrence was always a perfect gentleman around the place. And, if you remember, the two of you me and he knew you were my man so he and I were just friends. As a matter of fact, you even said what a nice guy he was and how my girlfriend lucked out to have him.

You said that guys fall under the spell of a naked woman too easily and that pussy of mine has more power than I can imagine. And that got me very curious and the more that I thought about it, the more convinced I made myself that I could do it.

So I'm standing in front of the mirror. I was so nice and fresh and clean and all naked. I had left the door partially open so the steam would go out and I could see myself in the mirror better. That's when Terrence was going to use the bathroom. He probably thought I had finished in there and I gone back to my room so he just walked right in. We were both surprised. His eyes widened a lot and his jaw dropped to the floor. He just stood there staring at me and like that really amused me.

Seeing his stunned reaction, I wasn't at all embarrassed like I thought I would have been. I was feeling extremely flattered. He stam-

mered an apology and was slowly backing out still staring at my naked body. I remembered what you said about you wanting me to let him see me naked and plus it was his last day with us and here he was and here I was already naked and well it all just seemed to be so perfect to do it. I think you get my thought process. So I said, "No worries Terrence. No big deal and hey, since you've seen me naked now anyway, do me a favor and tell me what you think of shaved pussy?"

I was in front of him with my feet a bit apart to give him a perfect view. He stood there in front of me and took a real long look and said: "Are you kidding me? No way! It looks really nice. It's beautiful like this. You're beautiful like this. I don't know how it looks with your legs apart, but standing there you look perfect!"

But this is where I must make a confession. And I can't even believe I did this. I was so naughty because I just hopped up on the counter by the sink, placed my feet flat with my knees bent and my legs open and asked him what he thought.

Now I'm sitting totally naked on the bathroom counter next to the sink and I have my beautifully toned legs spread apart and my knees were pulled up and I have just asked this handsome man to take a close look at my exposed pussy and for him to tell me what he thinks of it – shaved. Well, he surprised me and quickly got down on his knees directly in front of me. He reached up and grabbed me by my bare hips and moved up close to my pussy pulling me towards him at the same time.

He dove his face straight into me and began by first inhaling deeply with his nose on my pussy. He began to use his tongue expertly on my clit and my wonderful little labia, going all the way down my slit and all the way back up to my clitty – over and over and over again! He would slide his tongue along my outer lips, down

one side and up the other and then reverse it and down the other side and back up the other. First one delicate lip and then the other, both sides, every inch of both lips.

As he was doing the circles with his tongue on me, he gently slipped two fingers into my hot, wet, little pussy and curled them way up into me. This man hit my g-spot like he had been there a million times before. I couldn't believe I could feel so many incredibly mind blowing feelings all at once.

I was leaning back on the mirror and holding on to his bald head, pulling it and gasping so hard for breath as I was also moaning and panting and bucking and finally cumming over and over and over again. The waves just rippled through my pussy and my entire lower tummy and he even made my butt cheeks spasm. And it all happened so fast. He stood up and then I stood up, he leaned over, wrapped his arms around me and he sucked each of my nipples for about a minute.

He spins his tongue like something I've never felt before. That felt amazing too, but a girl can only take so much and I was sweaty, hot, exhausted, and most of all very dizzy. I felt like my legs were going to give way. I had to gently push him away from my breasts so I could turn around

and lean over on the sink counter to hold myself up and continue to catch my breath. He knelt down behind me and buried his face in my bare bottom licking my little butt, rubbing his face all over it, squeezing it with both hands. Even that felt wonderful. There was no end to what this guy could do.

I know that I could have cum again but I finally got my breath back and I turned around facing him again and I said between panting breaths: "I think I can take it that means you do like it then, right?" I looked hard at him, wondering.

I was wondering if he even remembered my original question and why he was in here? You darn guys sometimes just don't pay attention when we women ask you something and you can so easily get sidetracked. I turned him around by his shoulders and gently pushed him out the door. Hey, he never even took his clothes off and most importantly, I didn't let him screw me or anything. Cause you know I am only ever going to be doing that with you.

I hope you aren't too mad. You did tell me to let him see me naked and to give him a little treat before he left that he would never forget – right? Well, I think I sure did give him all that. See what you've made me do?! Here I am all worked up just writing this to you. I know I was really the one who was naughty and I'm pretty sure I should receive a good bare bottom spanking for my outlandish behavior.

I can not wait to get alone with you, both of us all naked and hear you read it to me as I act it out for you. Or, better yet I think I will read it to you and you can play his part. You're the only man who can do it even better. Then you can spank me if you still want to. Or you can fuck me because I want to.

I really think you're going to like my shaved pussy. It's smooth and soft and waiting for you, so don't be mad and don't be late.

TAWNY & VIOLET

Getting out of bed in the morning can be so hard when the bed is perfectly warm and the room is nice and chilly. Tawny rolling over to Violet was only the beginning of their long sexy morning. One where their fingers played happily along the other's titties and inside their pretty pussies.
